Husky's Occupation Going.
A journey very much out of the ordinary is reported from Edmonton, Canada, from which point five men succeeded in making an 800 mile automobile trip to Peace River Crossing on or near Lesser Slave lake, a district usually regarded as sub-arctic, and certainly virgin country so far as automobile travel is concerned. A photograph from Edmonton shows the five men fishing in good old Hudson bay style through the ice of Lesser Slave lake, with the automobile in the near distance. Couriers du bois usually engage in the latter operation to get fish for themselves and their dogs, but the automobile never starves---as long as the fuel holds out. The journey probably was not difficult, for the trail undoubtedly has been broken. Still it is rather startling to think of an automobile running up almost into the wood buffalo and musk-ox country, but not more indicative of modern progress than the rumor that reaches us, of regulations to be laid down by the government relative to the crossing of the great Mississippi migratory bird belt by aeroplanes. Motion Retarded.
Intoxicated Party---"O'f'r, will you be kind nuff to blindfold me so I can't see those 'Stop, look and listen' signs on the telegraph poles? It's taken me half an hour to walk two blocks tryin' to co-operate in this safety business."---Buffalo Express.

The Quinine That Does Not Affect The Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the red name and look for the signature of E. W. GROVE, 25c.

Packing Food in Ferns.
In Germany the use of ferns is coming into more and more favor for packing food which is transported either short or long distances. The practice became common in England before it gained equal vogue in Germany, and the results are said to be excellent, especially in shipping fresh fruit, butter, fish and other food products which require unusual care.

Drive Out Malaria
And Build Up The System
Take the Old Standard GROVE'S TASTELESS chill TONIC. You know what you are taking, as the formula is printed on every label, showing it is Quinine and Iron in a tasteless form. The Quinine drives out malaria, the iron builds up the system. 50 cents.

Not in Politics.
After all these statesmen have gone on the stand and told how they run their parties, every citizen will know the ins and outs of politics. "Yes," said the Practical Person, "but in politics you don't get anything by knowing the outs."

Whenever You Need a General Tonic Take Grove's
The Old Standard Grove's Tasteless chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

To Bed Late in the Morning.
Even in these matter-of-fact days parliament is still a weird and wonderful thing to country cousins in England. "I spent the week-end," says a gallery sketch writer, in a southern town. "What time do you start work at the house?" asked an old friend, a native. "Three o'clock," I replied, "and we finish at eleven." "Ah," commented the native, "I've often heard that parliament meets during the night so as not to be disturbed by the traffic, but it must seem a bit queer to be walking home to bed at eleven in the morning."

IN SUCH PAIN WOMAN CRIED

Suffered Everything Until Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Florence, So. Dakota.---"I used to be very sick every month with bearing down pains and backache, and had headache a good deal of the time and very little appetite. The pains were so bad that I used to sit right down on the floor and cry, because it hurt me so and I could not do any work at those times. An old woman advised me to try Lydia E. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month so I took three more bottles of it and got well so I could work all the time. I hope every woman who suffers like I did will try Lydia E. Pinkham's Vegetable Compound."---Mrs. P. W. JANSSEN, Box 5, Allyn, Wash.

Why will women continue to suffer day in and day out or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Pouring Houses to Be Great Sport.

Pouring houses, not pouring tea, is going to be the great sport of women's clubs in the next decade, according to Mrs. Isa Maud Ilsen, lecturer and only woman representative of Thomas A. Edison. And a pleasant time the guests are going to have," she said. "All they'll have to do is sit and watch a porch drip out here, a geegaw decoration there, or criticize the size of the refrigerator or the funny little window in the den. It won't take more than an hour." Mrs. Ilsen is proud of the fact that she is the only woman representative of the "Wizard." She admits there are 5,000 men who act for him, but that does not diminish her glory.

Scarcity of Boy Laborers.

Boy labor is very scarce in New Zealand, and some manufacturers find girl labor almost equally scarce. A member of a firm of baling powder manufacturers in the Dominion advertised unsuccessfully a few months ago for boys and girls, and had to employ adult labor instead. So precious are these young people, indeed, that it is found that the only way is to take boys when they are offering, usually at the beginning of the year, and keep them through slack seasons. This particular firm gives boys straight from school \$3 a week to start, and by the time they have been at the factory a year or 18 months they get \$5. Boys of fourteen in the boot trade in New Zealand get \$3 a week to start with.

Invigorating to the Pale and Sickly
The Old Standard general strengthening tonic, GROVE'S TASTELESS chill TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 50c.

Why?

Well, why does a "shoemaker's child never have shoes?" Why does the average architect live in an ugly and poorly planned home? Why does the modish dressmaker usually look dowdy? Why is the lecturer on the "Duties of a Mother" always a spinster?

Cures Old Sores, Other Remedies Won't Cure.
The worst cases, no matter of how long standing, are cured by the wonderful, old reliable Dr. Porter's Antiseptic Healing Oil. It relieves Pain and Heals at the same time. 25c, 50c, \$1.00

Woman to Woman.

As a matter of fact, one woman is as eager to pay another woman's car fare as one man is to pay another's gas bill.
